

College Cost Adjuster Webinars

The skyrocketing costs of college can lead a parent to wonder if investing in higher education still makes sense. SimpleTuition's College Cost Adjuster can help to ease those tensions and fears parents may have when looking at the sticker price of a potential institution for their children. The tool allows users to calculate what college will cost after graduation, compare financial aid awards from up to three colleges and customize any financial aid award from any school. With our FREE weekly "**College Cost Adjuster**" webinars, you'll gain helpful tips and advice including:

- Ability to balance debt real-time between the parent and student
- An analysis of your students financial aid package and future debt
- The recommended salary to repay their student loans
- Tips to make the most of their financial aid package

We understand busy schedules and in addition to offering the webinars weekly, we also host during the evening:

- December 14 at 1:30pm EST/12:30pm CST/11:30am MST/10:30 am PST.
