

Free interactive tools for students and parents

At SimpleTuition, our goal is to make it easier for students and families to afford higher education. We offer tips, advice and interactive tools to ensure students plan better for the cost of college expenses. The following **FREE** tools make it easier to be prepared:

Test Prep Comparison Center

- Recommended for juniors in high school in the fall.
- Search, compare and get discounts on Test Prep all in one place.
- Understand the range of Test Prep options from on online and in person.
- COMING SOON: create and read reviews to learn about participants thought about the Test Prep services.

QuickCalc EFC Estimator

- Recommended for juniors in high school in the spring.
- Estimate your expected family contribution (EFC) using the 10 variables with the greatest impact on the FAFSA and PROFILE.
- Understand the components that drive student's financial aid eligibility.

FAFSA Coach

- Recommended for seniors in high school in the winter.
- Demystify the application with easy to understand explanations and recommendations.
- Avoid common mistakes that could cost you financial aid funds.
- Gain insight with the built-in guidance that can help you get the best financial aid results.

College Cost Adjuster

- Recommended for seniors in high school in the spring.
- Compare the family's customized financial aid awards from up to 3 schools simultaneously.
- Adjust sources of college funds to see in real time the impact on the student's and family's finances.
- See the total monthly loan payments for all loans for both student and parents for the multiple years of college.
- Slide the balance back-and-forth of family vs. student borrowing using a convenient slider.
